

Polyurethane Trommel

Locker Group offers polyurethane trommels to suit your Mill or Scrubber in a standard cylindrical configuration or polygon style using our proven pin fixing system. All of our trommel panels are individually designed to suit your application. The blank areas are designed into the panel to protect your support structure. Adding to the quality of the product we also offer fully encapsulated reinforcing to give structural integrity to the panel, which provides an economical solution.

Locker Group Polyurethane trommels offer many features including;

- Square and Slotted Apertures
- Low Noise Level
- Accurate Aperture Sizes
- High Wear Resistance
- Corrosion Proof
- Circular or Polygon Design

For alternate or open area requirements contact Locker Group
