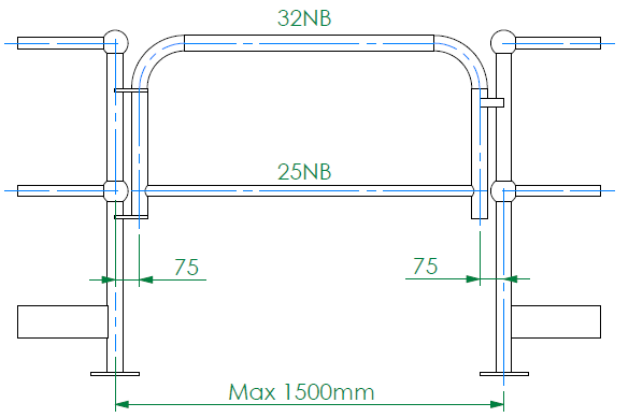
Self-Closing Handrail Gates

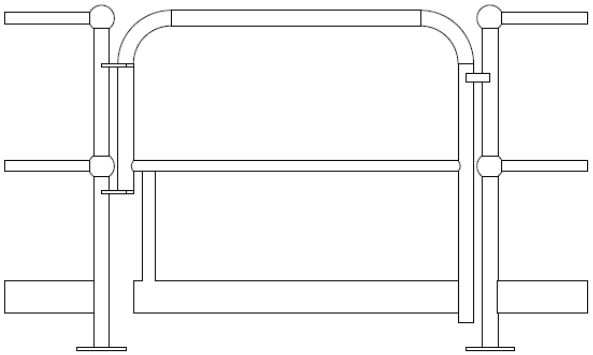
Locker Group manufactures self-closing gates to compliment the range of tubular handrail stanchions and rails. Use the following guidelines to assist in ordering self-closing gates.

Gate Types:

- HGATE single gate no kickplate
- HGATEKP single gate with kickplate
- HGATED double gate (up to 3000mm stanchion centre)



HGATE



HGATEKP

Ordering checklist:

When ordering a self-closing gate the following information is required:

Gate Type: (above)	eg HGATE	
Swing Direction: (below)	SE swing	
Stanchion Type:	Type P at 1200mm (stanchion centres)
